Over 50 Years of Ice Cream

Chester and Roy Bridgeman opened the first retail ice cream store in 1936. The venture was met with disbelief. Why would anyone open an ice cream store in Minnesota? The climate wasn't right! What about the Depression? Chester and Roy heard the skeptics. Then, they opened not one but six ice cream stores within eighteen months.

Throughout the years, Bridgeman's reputation for delicious, high-quality ice cream has never changed. Our trademark today is the same as it was in 1936 ... high-quality ice cream with real toppings. We are pledged to keep that tradition alive!

Thank you for being our valued customer.

We invite you to come and visit us often.

Bridgeman's is proud to serve you these quality products.
